What is the USTDTS CARES Higher Education Emergency Relief Fund?

The USTDTS CARES Higher Education Emergency Relief Fund is intended to assist students with urgent financial needs directly related to the disruption of campus operations due to the coronavirus. Needs may include food, housing, course materials, technology, healthcare, and childcare. This is federal funding that has been made available under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

USTDTS signed and returned to the US Department of Education, the Certification and Agreement with the assurance that we intend to use no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students. USTDTS has received \$19,459 from the US Department of Education to be used to provide emergency grants to students.

Students who apply via our USTDTS CARES application are reviewed on a first-come, first-served basis to determine eligibility. The application is used to document that the student has expenses related to the disruption of campus operations due to coronavirus (including eligible expenses such as food, housing, course materials, technology, health care, and childcare).

Students who receive an award are advised upon approval of their application that the CARES Act funding is to assist with their expenses related to the coronavirus.

How much USTDTS CARES Act funding can I receive?

The USTDTS CARES Higher Education Emergency Relief Fund application is currently capped at \$500 to distribute the funds to as many students as possible. Students with extenuating circumstances may complete the USTDTS Student Emergency Grant application to be considered for additional funds for a total up to \$600. Additional funding requests will be reviewed on a case-by-case basis to ensure our neediest students have the opportunity to apply for funding.

Depending on the volume of requests and level of need, USTDTS may award a lesser amount than requested. We appreciate students only asking for the amount needed so we can serve as many students as possible.

How are decisions being made?

Awards will be made on a first-come, first-served basis and preference will be given to students with documented need.

Students who did not receive an award in the 2019-20 school year will be given first priority for remaining funds available in the 2020-21 school year.

Every effort will be made to have a decision within one to two business days, however, depending on volume of applications, this timeframe may be extended. As our funding is limited, USTDTS cannot guarantee that all applications submitted will receive an award.

If I am approved, when will I receive USTDTS CARES Act funding?

We will make every effort to have a decision within one to two days, however, depending on volume of applications, this timeframe may be extended. After award approval, you can expect funding within three days via paper checks. All checks can be picked up from the Bursar Office.

If I owe money to USTDTS, can USTDTS apply these funds to my balance?

Charges or balances owed to USTDTS cannot be deducted from this funding, under any circumstances. Please check with the Bursar Office for up to date balance information. If you would like to use your USTDTS CARES Act funding to pay your balance, you may do so via any of the USTDTS accepted payment methods available in the Student Handbook or by contacting our Bursar Office.
